SUBJECTS

ACNE
Eradicating acne vulgaris of puberty: What makes for optimal therapy? (Silverberg et al) 12, Oct (Suppl)

ADOLESCENCE
Adolescent patients and their confidentiality: Staying within legal bounds. (Anderson et al) 54, Jul
Help your adolescent ADHD patient make the transition to college. (Gephart) 9, Oct (Suppl)
The A-R-T of tobacco use counseling: A new office approach. (Spigarelli, Heyman) 77, Sep

ALTERNATIVE AND COMPLEMENTARY MEDICINE
Consider the benefits of music therapy for your patients. (Kemper, Jennings) 59, Feb
GI complaints: Which herbs and supplements spell relief? (Gardiner, Kemper) 50, Aug

ASTHMA
A new approach to wheezing in infants and preschoolers: Part 1. (Wakefield, Sockrider; CME) 54, Mar
A new approach to wheezing in infants and preschoolers: Part 2. (Wakefield, Sockrider) 63, Mar

ATTENTION DEFICIT HYPERACTIVITY DISORDER
Help your adolescent ADHD patient make the transition to college. (Gephart) 9, Oct (Suppl)

AUTISM
To make the biggest difference, screen early for autism spectrum disorders. (Choueiri, Bridgemohan; CME) 54, Oct

BEHAVIOR AND DEVELOPMENT
A template for you to assess and address behavior problems. (Tellerman et al) 73, Aug
Helping academic underachievers become achievers in their own right. (Green et al). 29, Jun
"Shy" child? Don't overlook selective mutism. (Schwartz, Shipon-Blum) 30, Jul
To the beat of a different drummer: The gender-variant child. (Menvielle et al) 38, Feb

BRAIN TRAUMA
Severe brain injury: Helping patient and family on the long road back. (Blackman) 63, Jan

BREASTFEEDING
You can provide efficient, effective, and reimbursable breastfeeding support. (Brenner; CME) 66, Sep

CANCER
A guide to caring for cancer survivors. (Florin, Hinkle) 31, Aug

CARDIOVASCULAR DISEASE
Little patients, big numbers: Evaluating and managing infant hypertension. (Goodstein, Flynn) 48, Apr
Preventing—with the goal of eradicating—sudden cardiac death in children. (Ellison et al) 37, Oct

CHILD ABUSE
A private itch and pain: Disease or possible abuse? (Pediatric dermatology: What's your Dx?; lichen sclerosus; Trager, Cohen) 31, Jan
If we don't ask, they aren't going to tell: Screening for domestic violence. (Augustyn, McAlister Groves) 43, Sep

CHILD ADVOCACY
Look how far we've come as advocates for children—but consider where we still need to go! (Taylor, Raman) 54, Sep

CLINICAL TIPS
A cool compress for itchy eyes—and rumbling stomachs. Web, Oct
A festival of Clinical Tips. 81, Feb
A helping hand in the exam room. 18, May
A painless way to remove ticks. Web, Mar
A quick, accurate way to chart vaccinations. 20, Apr
A real eye-opener. Web, Feb
A simple way to keep inhaled steroids out of "the wrong pipe." Web, Aug
At office visits, don't forget the personal touch. 17, Jun
Clinical tips for managing nocturnal enuresis. (Bennett) 92, Sep
Cool way to make hot food edible. 79, Jan
Corneal exams: Kill two birds with one stain. 20, Nov
Crying baby? Try "Daddy's hand hold." 18, Jul
Drug-free angle to relieving baby's stuffy nose. Web, May
Ear exams: Watch the light. Listen for the "shhh." 16, Jul
Easy as 1-2-3. 19, Mar
For stool samples, try this floating catcher. 20, Nov
Fundoscopic exams that get glowing reports. 104, Sep
Go down, capsules! Web, Jan
Make blood sugar monitoring a family affair. Web, Apr
Minimizing the mess of toilet training accidents. Web, Jun
No better position = better pulmonary exam. Web, Nov
Open wide! Another use for the pacifier. 25, Oct
Otoscopes: Not just for ears. 96, Dec
Preparing new mothers for breast engorgement. Web, Dec
Put the focus on reading in the waiting room. 25, Oct
Restraining children without trauma. 17, Oct
Smoothing the path to testicular palpation. Web, Sep
Surprise! It's an otoscope. 33, Feb
Testing reflexes without a hammer. 22, Apr
Three "arms" hold endotracheal tube in place. 17, Nov
Throat cultures: Same old story—with a happy ending. 80, Jan
To promote bike safety, use the power of example. 17, Aug
To take the fear out of shots, plan ahead. 17, May
Tracking chronic symptoms—as easy as filling out a log. Web, Jul
Tricks to make life easier in the exam room. 97, Dec
Urine samples from toddlers: Into the trees. 22, Mar
Urine samples: Purple is persuasive. 106, Sep

CONFIDENTIALITY
Adolescent patients and their confidentiality: Staying within legal bounds. (Anderson et al) 54, Jul

COUNSELING
Adolescent patients and their confidentiality: Staying within legal bounds. (Anderson et al) 54, Jul
The A-R-T of tobacco use counseling: A new office approach. (Spigarelli, Heyman) 77, Sep
You can provide efficient, effective, and reimbursable breastfeeding support. (Brenner; CME) 66, Sep

DEHYDRATION
Lingering dehydration in a toddler on the mend: Is it a cry for help? (*Clostridium botulinum*; Puzzler; Park et al) 25, Mar
Oral rehydration therapy: The clear solution to fluid loss. (Bender et al; CME) 72, Apr

DEPRESSION
The importance of recognizing a child with bipolar disorder. (Lansford) 69, Feb

DERMATOLOGY—SEE SKIN DISEASES

DIAGNOSTIC TESTS
A prudent approach to screening for and treating tuberculosis. (Reznik, Ozuah) 73, Nov
"Funny face" in the ED: An infant with vomiting, fever, and neurologic signs. (tuberculosis meningitis; Puzzler, Liang) 29, Apr
Lingering dehydration in a toddler on the mend: Is it a cry for help? (*Clostridium botulinum*; Puzzler; Park et al) 25, Mar
Some spelling "B"! A *boy*, his *b*rother, and their *bug*." (Granulomatous disease; Puzzler; Lahtinen-Aley, Lepow) 25, Nov

DIET & NUTRITION
A rapidly deteriorating baby girl: Can you judge this book by its cover? (Kwashiorkor; Puzzler; Twente, Strauss) 18, Jun
Celiac disease: Fundamentals for pediatricians. (Hill, Hill) 65, Oct
Is the picky eater a cause for concern? (Lumeng) 71, Mar

DRUG THERAPY
A prudent approach to screening for and treating tuberculosis. (Reznik, Ozuah) 73, Nov
Fighting a rising tide of MRSA infection in the young. (Siberry; CME) 44, Jul

EATING DISORDERS
When is the picky eater a cause for concern? (Lumeng) 71, Mar

EDITORIALS
A look back at the future of pediatric care. (McMillan) 12, May
Communication: A competence without which all others may be meaningless (McMillan) 11, Dec
Getting England into shape: Is there a lesson for the United States? (McMillan) 8, Jan
Let's get discussion of what causes autism back on track! (McMillan) 11, Sep
Perspective in a new year. (McMillan) 10, Feb
PNPs: Partnering in health care for children. (McMillan) 13, Aug
Prevent child abduction—empower the child. (McMillan) 9, Mar
Taking the long view of new goals for immunization. (McMillan) 13, Apr
Terrorism, catastrophe, Katrina—whatever its name, it's bad for children. (McMillan) 10, Oct
The unbroken chain of pediatricians. (McMillan) 9, Jul
The value of readers' contributions to this publication. (McMillan) 11, Jun
When the possibilities for disease prevention are endless, challenges are close behind (McMillan) 8, Nov

EMERGENCIES AND ACCIDENTS
"Dog bites man" *is* news—how pediatricians can spread the word to parents and patients (Melnick) 55, Dec
Oral rehydration therapy: The clear solution to fluid loss. (Bender et al; CME) 72, Apr
Preventing—with the goal of eradicating—sudden cardiac death in children. (Ellison et al) 37, Oct
Putting the chill on heat-related illness. (Pratt; CME) 23, Jun

ENDOCRINE DISEASE
Growth hormone for short children without a hormone deficiency: Issues and practices. (Lee, Menon) 46, Oct

ENURESIS
Clinical Tips for overcoming bedwetting. (Bennet) 92, Sept

FEVER
Fever: Separating fact from fiction. (Crocetti, Serwint; CME) 34, Jan

GASTROINTESTINAL DISEASE

Celiac disease: Fundamentals for pediatricians. (Hill, Hill) 65, Oct

GI complaints: Which herbs and supplements spell relief? (Gardiner, Kemper) 50, Aug

Oral rehydration therapy: The clear solution to fluid loss. (Bender et al; CME) 72, Apr

Update on a high-morbidity infection: Rotavirus (Dennehy; CME) 34, Dec

GROWTH AND DEVELOPMENT

Growth hormone for short children without a hormone deficiency: Issues and practices. (Lee, Menon) 46, Oct

HEMATOLOGY

Hepatosplenomegaly, pancytopenia, coagulopathy: Big words about a feverish infant. (Hemaphagocytic lymphohistiocytosis; Puzzler; Woreta et al) 26, Oct

HYPERTENSION

Little patients, big numbers: Evaluating and managing infant hypertension. (Goodstein, Flynn) 48, Apr

IMMUNIZATION

Immunization: Not just for Baby any longer. (Asch-Goodkin) 4, Oct (Suppl)

When parents say "No" to immunizing their child. (Asch-Goodkin) 80, Jun

INFECTIOUS DISEASE

A prudent approach to screening for and treating tuberculosis. (Reznik, Ozuah) 73, Nov

Fighting a rising tide of MRSA infection in the young. (Siberry; CME) 44, Jul

"Funny face" in the ED: An infant with vomiting, fever, and neurologic signs. (tuberculosis meningitis; Puzzler, Liang) 29, Apr

Hepatosplenomegaly, pancytopenia, coagulopathy: Big words about a feverish infant. (Hemaphagocytic lymphohistiocytosis; Puzzler, Woreta et al) 26, Oct

Lingering dehydration in a toddler on the mend: Is it a cry for help? (*Clostridium botulinum*; Puzzler; Park et al) 25, Mar

Rash, fever, and pharyngitis in an adolescent: Wait! Whose hoofbeats are those? (*Mycoplasma pneumoniae*; Puzzler; Meth) 24, Feb

Some spelling "B"! A *boy*, his *b*rother, and their *bug*." (Granulomatous disease; Puzzler; Lahtinen-Aley, Lepow) 25, Nov

"That ever this should be!" The cellulitis that would not go away. (*Mycobacterium marinum*; Puzzler; Youth et al) 25, Aug

Update on a high-morbidity infection: Rotavirus (Dennehy; CME) 34, Dec

JAUNDICE

A primer on phototherapy for the jaundiced newborn. (Maisels) 38, Jun

Hyperbilirubinemia in the term and near-term newborn: Part 1: Answers to questions about a common clinical problem. (Maisels; CME) 34, May

Hyperbilirubinemia in the term and near-term newborn: Part 2: How to head off an urgent situation. (Maisels) 41, May

Treating acute bilirubin encephalopathy—before it's too late. (Bhutani et al) 57, May

LEARNING DISABILITIES

Helping academic underachievers become achievers in their own right. (Green et al). 29, Jun

Help your adolescent ADHD patient make the transition to college. (Gephart) 9, Oct (Suppl)

LEGAL ISSUES

Immigration 101 for the pediatric practice. (Morton, Sanel) 34, Apr

Your guide to antidiscrimination law. (Garfinkel Weiss) 78, Oct

MENTAL HEALTH/ILLNESS

But is it OCD? A guide to detection and effective treatment. (Storch) 58, Nov

Gambling and children: Betting against the future of young lives. (Turchi et al) 45, Jan

The importance of recognizing a child with bipolar disorder. (Lansford) 69, Feb

"The time is out of joint": Pain, paresthesias, and weakness in a preadolescent. (conversion symptoms; Puzzler; Estep) 20, Sep

NEONATOLOGY

A primer on phototherapy for the jaundiced newborn. (Maisels) 38, Jun

Hyperbilirubinemia in the term and near-term newborn: Part 1: Answers to questions about a common clinical problem. (Maisels; CME) 34, May

Hyperbilirubinemia in the term and near-term newborn: Part 2: How to head off an urgent situation. (Maisels) 41, May

Little patients, big numbers: Evaluating and managing infant hypertension. (Goodstein, Flynn) 48, Apr

You can provide efficient, effective, and reimbursable breastfeeding support. (Brenner; CME) 66, Sep

NEUROLOGY

Help for headaches: A strategy for your busy practice. (Fisher; CME) 34, Nov

To make the biggest difference, screen early for autism spectrum disorders. (Choueiri, Bridgemohan; CME) 54, Oct

Unexpected turn marks an adolescent's case of headache and vision loss. (pseudotumor cerebri; Puzzler; Liaw, Risser) 20, Jan

Why does the baby girl "quake and tremble all this day"? (hypocalcemia; Puzzler; Varness et al) 20, May

NURSING CARE

The 40-year story of PNP caregiving—still being written. (Liguori et al) 56, Aug

ORTHOPEDIC MEDICINE

Ankle sprains in young athletes Part 1: How to evaluate (Patel, Janiski) 65, Dec

Ankle sprains in young athletes Part 2: How to manage and prevent (Patel, Janiski) 73, Dec

Heads-up for soccer injuries: What you need to know. (Koester, Mangus) 75, May

Tackling back pain in a young athlete. (Kronberg, Small) 42, Nov

PAIN MANAGEMENT

Help for headaches: A strategy for your busy practice. (Fisher; CME) 34, Nov

Tackling back pain in a young athlete. (Kronberg, Small) 42, Nov

PARENT GUIDES

A brief but important talk on a "hot topic": Your child's fever. 42, Jan

A guide to sports participation after brain injury. 78, Jan

Ask yourself about your childhood—and make yourself a stronger parent. Web, Apr

How you can avoid heat-related illness during practice and play. 28, Jun

Owning a dog when you have children. 64, Dec.

Preventing abduction. 52, Mar

Raising a gender-variant child. 46, Feb

Rules to teach your children that can prevent dog bites. 63, Dec

Strategies to reduce picky eating. 81, Mar

PARENTING

Promoting self-understanding in parents—for the great good of your patients. (Zuckerman et al) 77, Apr

PEDIATRIC PRACTICE

Denied a claim? Don't take "No" for an answer. (Nicoletti) 65, Jul

Disaster-proofing your electronic health record. (Lowes) 97, Sep

Get help—from a telephone triage nurse. (Knopf) 99, Aug

Help for headaches: A strategy for your busy practice. (Fisher; CME) 34, Nov

If we don't ask, they aren't going to tell: Screening for domestic violence. 43, Sep

Immigration 101 for the pediatric practice. (Morton, Sanel) 34, Apr

Negotiating the system of publicly financed pediatric health care (Fine) 84, Dec

New products for 2005 (Schuman) 41, Dec

Promoting self-understanding in parents—for the great good of your patients. (Zuckerman et al) 77, Apr

Reap the benefits of cross-training your staff! (Garfinkel Weiss) 90, Nov

The 40-year story of PNP caregiving—still being written. (Liguori et al) 56, Aug

Your guide to antidiscrimination law. (Garfinkel Weiss) 78, Oct

POISONS AND TOXINS

Challenging equation: 1 toddler + 1 teen X (irritable and hypertensive) = 2(D), where "D" is a diagnostic dilemma! (mercury poisoning; Puzzler; Kish, Myers) 17, Dec

PNEUMONIA

Rash, fever, and pharyngitis in an adolescent: Wait! Whose hoofbeats are those? (*Mycoplasma pneumoniae*; Puzzler; Meth) 24, Feb

PRACTICE MANAGEMENT

A checklist of marketing strategies for your practice. (Rice) 89, May

Denied a claim? Don't take "No" for an answer. (Nicoletti) 65, Jul

Disaster-proofing your electronic health record. (Lowes) 97, Sep

Get help—from a telephone triage nurse. (Knopf) 99, Aug

Negotiating the system of publicly financed pediatric health care (Fine) 84, Dec

When parents say "No" to immunizing their child. (Asch-Goodkin) 80, Jun

Your guide to antidiscrimination law. (Garfinkel Weiss) 78, Oct

RESPIRATORY DISEASE

A new approach to wheezing in infants and preschoolers: Part 1. (Wakefield, Sockrider; CME) 54, Mar

A new approach to wheezing in infants and preschoolers: Part 2. (Wakefield, Sockrider) 63, Mar

A prudent approach to screening for and treating tuberculosis. (Reznik, Ozuah) 73, Nov

SEX BEHAVIOR

To the beat of a different drummer: The gender-variant child. (Menvielle et al) 38, Feb

SKIN DISEASES

A hairy predicament: "Why is my toddler going bald?" (Pediatric dermatology: What's your Dx?; alopecia; Kudchadkar) 31, Dec

A private itch and pain: Disease or possible abuse? (Pediatric dermatology: What's your Dx?; lichen sclerosus; Trager, Cohen) 31, Jan

Eradicating acne vulgaris of puberty: What makes for optimal therapy? (Silverberg et al) 12, Oct (Suppl)

More than skin deep: Cutaneous signs of systemic disease. (Morel et al; CME) 48, Feb

Papular lesion and thickened nails on the feet: A "Don't Walk" sign? (Pediatric dermatology: What's your Dx?; pachyonychia congenita; Bortot) 36, Sep

SMOKING

The A-R-T of tobacco use counseling: A new office approach. (Spigarelli, Heyman) 77, Sep

SPORTS MEDICINE

Ankle sprains in young athletes Part 1: How to evaluate (Patel, Janiski) 65, Dec

Ankle sprains in young athletes Part 2: How to manage and prevent (Patel, Janiski) 73, Dec

Heads-up for soccer injuries: What you need to know. (Koester, Mangus) 75, May

Preventing—with the goal of eradicating—sudden cardiac death in children. (Ellison et al; CME) 37, Oct

Putting the chill on heat-related illness. (Pratt; CME) 23, Jun
